

CWC Survey Tips!

Choose your survey location

- Pick a beach, pond, mangrove, mudflat where there might be waterbirds (check eBird for hotspots).
- Find spot to stand with a clear view or pick a walking route where you'll see birds as you go.
- Be sure to stand or walk in places where you won't disturb the birds!

Bring your ID guide

- Don't forget to pack your field guide or ID card, or have your favourite bird ID app ready

Don't forget your optics!

- Use your binoculars, spotting scope and /or camera to help get a better look without getting too close

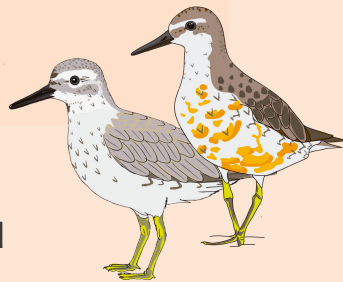

Put your lists on eBird Caribbean

- Keep an eBird list on the app as you count- use the Caribbean portal- OR add it the eBird website later
- Count ALL the birds you see
- Select a CWC protocol !

Invite a friend

- Bring your birder friends along to help you count & ID the birds
- Or introduce a friend to bird watching!

Pack a drink & snacks

- Counting birds can be thirsty work!
