Native version for Joomla! 1.5

Possibility of installing docman without "legacy mode" enabled in joomla! 1.5

by johanjanssens | 6 comments

Status: started

Development of DOCman 1.5 which will run native on Joomla! 1.5 has been started today.

Native vs Legacy

DOCman 1.3
DOCman 1.4

DOCman 1.4

DOCman 1.5

Legacy

Joomla 1.0

Joomla 1.5

Joomla 1.5

Stability

At 1 million downloads a year, we know that lots of sites depend on DOCman. We don't take risks with your data.

- **Make upgrades as painless as possible**
- **No database changes**
- **No behaviour changes**

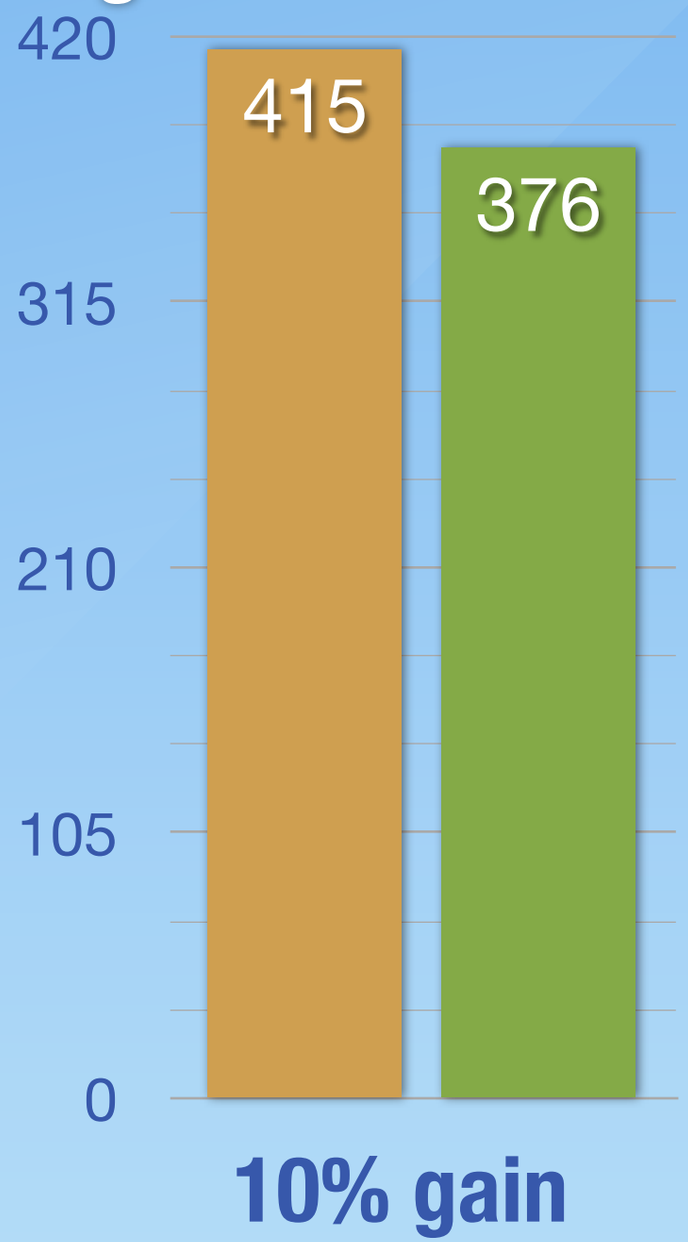
Security

- Big complex projects have a higher risk factor
- Software that manages sensitive data is more attractive to hackers
- Yet not a single vulnerability was discovered in DOCman in the past two years

Performance

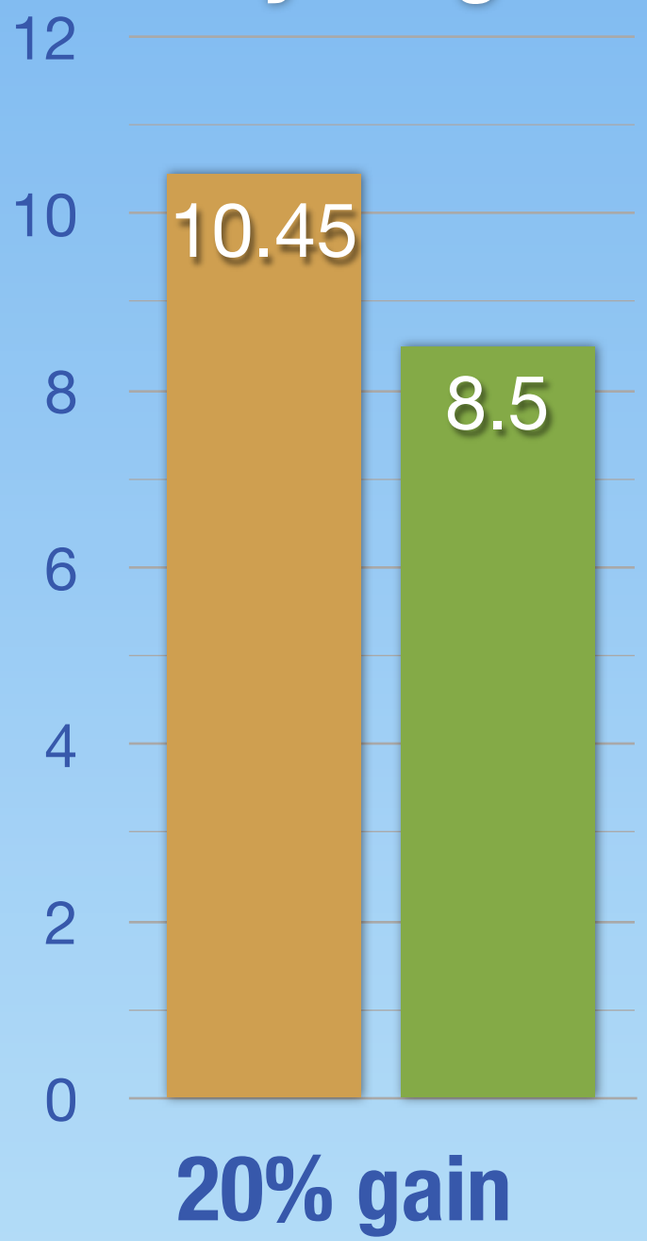
DOCman 1.4
DOCman 1.5

Page render in milliseconds



10% gain

Memory usage in Mb



20% gain

Thank you
